It is now nearly commonplace to hear and read of the devastating electronic cafe violence while the drink-fueled violence has become a national epidemic. Growing attention are being focused on the emerging and known security problems in public places. There are a variety of factors triggering incidents in public locations. Their negative impact is the last thing we can underestimate. The alcohol-related violence disrupts public order and may cause irreversible physical and mental damage to victims. Illegal gatherings and protests present a serious challenge to the social safety and stability. Moreover, a flood of crimes in public areas also constitute a huge threat to the society. Net cafes, bars and railway stations are the crime-torn places, so more police must be dispatched to these priority areas. A series of crime prevention measures must be taken to guarantee public safety, especially in these crime-prone areas. Lets make the public places crime-free through our long-term unremitting efforts.来源：www.examda.com 100Test 下载频道开通，各类考试题目直接下载。详细请访问
