negative side. i believe u definitely deserve a chance to get band 6. the examiner probably only read the first bit of the advantages n then turned to briefly examine the last part and hence marked your paper like this. if u apply for reassessing, the entire paper(two tasks) will be scrutinized by another examiner, n the good points will not be missed. this is why i tend to encourage u to have a try.if unclear, call me .good luck! Andrew学生最后来邮Im glad to tell you that my writing is re-marked as band 6. Thank you very much for the encouragement, otherwise I may lose the confidence to apply the remark.(由广州仲恺雅思培训中心赖劲松老师提供) 100Test 下载频道开通 , 各类考试题目直接下载。详细请访问 www.100test.com
