Dear Sir or Madam, December 13, 1999 I am the purchasing manager of Internet Securities Inc. As a fast growing IT company, we need to purchase 100 sets of computers now. We learned from IT World that you are providing a new product ACM3. We want to know some details of this product, such as the difference with the old product, the advantage etc. We also want to know the price, delivery time and payment terms. Since we are short of time, we would like to have our computers delivered in two weeks time after signing of the contract to the following address: 7 Fuchengmen Nei Dajie, Beijing, China. Your quick response will be highly appreciated. Thanks & Regards
Christina
