Listening: perhaps is not very difficult, so just take it easy. Reading: maybe more than 50% are head matching. The first two article are easy, so pay more attention to the last one, just in my opinion. Writing: first 1 is to describe the amount of energy produced by four sources for Great Britain over the past twenty years. second 2 is that people think the elderly person should be

take care of by the professionals in the special houses, better than with the younger members of his own family. Do you agree or disagree, give your opinion. Good lucky. 100Test 下载频道开通 , 各类考试题目直接下载。详细请访问 www.100test.com
