Aug. in bj.the test today is not difficult. The listening is version 41, it is a new version, never appeared before. all r fill in the blank. only 4 multiple choices involved in , and those multiple choices didnt show the answer immediately, u d better to find the answer , through the hearing the whole context. The reading is version 38. quite easy in 2 articles at the beginning, the third is not difficult also. but u d better to arrange time well.coz all focus on details. many r T or F or Not Given. Luck enough , No heading-matching problem at all ,so it is quite easy. the first article talking about the Work and Family-----, the balance art. the second article talking about the Currency, the Money, and the third article talking about beach erosion. which is the most difficult article among those three. coz blank filled needed.well.....writing is a bar chart,thz different level of post-school qualifications of men and women in Australia in 1999. if u will take G test , we get the different in this part. and the other writing is " creative artists always want to express their idea in what they own ways freedomly, if the government need no restriction on what they want? " it is not difficult one. rite? ok. talk so much. wish u good luck in ur test! my oral test is coming tomorrow
