writing 是老掉牙的题。it is wrong that governments spend so large number of money on artistic projects such as paintings and sculptures, there will be another way to spend money.do you agree or disagree.TASK1的第三项好像是说why do you like your school/courses?口语是PART1what is your job?do you satisfy with your job?which animal do you like? why? do you like shopping? what time do you do shopping?PART2 please descript the ideal flat/building in your mind 1, where should it be located? 2, 在这个flat里你喜欢怎样 3, 在这个flat外观你喜欢怎样do you meet the ideal building in the real life ? what is the common accommodation in chinese life?where do people lived in guangzhou like to have an accommodation?if a designer design a building in a new area, what should he consider?do governments control the accommodation?我不是明白这个问题，我当时把accommodation当成architecture来讲，说要有creativity.cannot
