yesterday i got my ielts score: 7, reading 8.5,,writing7,oral6(too low), listening6.5when got the score,i didnt feel excited, and didnt want to say anything,what i did was i phone to some of my friends who helped me during these days.before i took ielts,i felt very disappointed,because i took 5 practises of listening part(beijing 黑眼睛) ,in which i only got 3,or 4 points.(maybe the score critria i adopted is very strict).. i felt very,very disappointed,(after all, i got 91 in cet-6 ,and i often told my friends that i am very good at listening., generall y speaking ,i could understand nearly 90--95 per cent of voa,) then,at that time ,i was doubtful about my ability(because i failed to study in usa--took GRE,too, and at that time i felt very disappointed, -----in order to study abroad,i gave up my job,and then,i found another job again after i failed to study in usa, -----the job was not good compared with my previous job.) and my gf couldnt understand me,esp. my ideas about going abroad,we often quarreled, until the day i took the ielts,she still quarrelled with me----which affected me a little.yet,during these special times, one of the friends i knew from 100test.com often encouge me and phoned to me. i really want to take this opportunity to show my great gratitude to her(her name is elena). besides this friend,many other friends ,-----tony,fan,binbinyang,zhuzhu,jj,shuaier,jiahui,bao er,of course ,my dear mum.i tried my best to overcame these setbacks ,and i

stayed in shanghai lonely to spend the spring festival(my gf went home)_i said to myself:i should verify myself====to show my english.so i try to get 8 or,at least 7.5. it seems that i failed to achieve this aim. maybe i would take a second time. in my opinion,ielts is much easier than GRE.after i got my score,i phoned to my friends and wrote to my friends who supported me during my preparation.now,i hope to post this article to 100test.com ,and gter.net(in 2002 and 2003,i visited this site every day, and i love this site very much)also, i appreciate those who help me to revise my compositions on the 100test.com(one of the titles is :大年初1写的作文 , 不得7分就放弃)。 now i really got 7 points in writing. many thanks.i want to find friends who are interested in emmigrating to canada or (australia,if possible). and i want to be a DIYer, hope to find friend in this place .my msn:leezs2003@hotmail.comi want to sell my materials (incl. notebooks) about ielts.
