The listening part is quite ok, even i had read the jijing before, however cant remeber it during the test.. so, the best way is improve your listening via listen to radio as well as TV, is really wark.. trust me! The reading and writing parts, i had no commen cause im not so good on these two part. Score 6 both. Honestly, I gains lots of benefits from 100test. Feel bad after the test cause the speaking section, i found hard to understand what the examiner talking about... different accent... but, anyway i was try my best to talk something relevant to that topic... working attitude. Finally, i get the result yesterday, suprise! Score 8 in speaking.... so happy, therefore my advise is never give up even you not really understand the question, try to speak something..... i can, all of you also can....all the best everybody and good luck.... p/s: sorry, write in English cause dont know how to type in Chinese... 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
