After a long time waiting the result comes out! I have many words I want to tell other people who wants to take part in this exam. First I would report my marks, that is overall 6.5 listening 7 reading 7 writing 6 speaking 6. I have prepared for about one month. I would like to share my experience. My cet4 is 82, and cet6 is 72 which is passed in the fourth times. According to the four items of the test, I would divide the experience into four parts.

A. listening

1. Word-----is very useful, be sure when you write down the word, you can keep up with the teacher and do not make any spelling mistakes.
2. Ability-----book 1 and book 2 and listen to BBC everyday, just twenty minutes is enough. if you can not understand what they said, you can just write down the single word, that is useful too! if you still have some time you can use it, that would give you a new understanding of this test. and the Cambridge 1 to 3 is also included for they are the Bible of this test. and the useful way is you must listen to many times!!! the more the better!!!

B. reading

1. Word-----cet4 is enough but if you can reach cet6 then that would be better.
2. Ability-----you can read or listen, just one piece for one day is enough. and Cambridge 1 to 3 is also included and look for the words which you do not know the meaning. the speed is more important. control your time when you do the exercise! and you can also find some original of the test, be familiar with the content of the article of the test.

C. writing

Reciting the good sentence and writing

some diary is helpful. If u want to get 7, u should ask someone to rewrite ur paper, and must pay attention to the structure! the best way is thinking in English! Go to some english website is a good method too. D. speaking Finding a foreign friend through MSN or go to some english chat rooms, just talk with him and write some letters to him. and u should also find a book about the oral topics, u just need think of them, but must prepare part two at least four topics, that are about a person a place a story a thing. if u want to get 7 u must say some difficult world. In ur daily life u should think in this way, whatever u met u should think how to say this in English? At last u should do some mimic test, completely according to the requirement of the test. the BY Mark Morgan is highly recommended. The listening is nice, is equal to the real test, the reading article is not long enough but the question is good, but more difficult than the real one. and u can watch for relaxaton! During the preparation u must be nervours and distraught, even want to kill urself, but do not worry, this test is just a test, do what u can then u can reach the splendid bank!! 100Test 下载频道开通, 各类考试题目直接下载。详细请访问 www.100test.com
