on the following passage: As people continue to grow and age, our body systems continue to change. At a certain point in your life your body systems will begin to weaken. Your joints may become stiff. It may become more difficult for you to see and hear. The slow change of aging causes our bodies to lose some of their ability to bounce back from disease and injury. In order to live longer, we have always tried to slow or stop this process that leads us toward the end of our lives. Many factors contribute to your health. A well-balanced diet plays an important role. The amount and type of exercise you get is another factor. Your living environment and the amount of stress you are under is yet another. But scientists studying senescence (衰老) want to know: Why do people grow old? They hope that by examining the aging process on a cellular level medical science may be able to extend the length of life.²¹ When people become aging, they will lose some of their ability to bounce back from disease and injury, "bounce back" here means_____.(A) to improve in health after one's disease and injury (B) to recover from disease and injury(C) to jump after recovering(D) to run fastAdblock²². Adblock Questions 26-30 are based on the following passage: Wall Street is the name of a street in New York and very famous in the whole world. It is the financial center of the USA, exerting a significant influence upon the world's economy.

Hetty Green, who was born in 1835, was nicknamed the Wizard (奇才) of Wall Street. She became almost a legendary figure in Wall Street, because she made a lot of money buying and selling shares in companies. Hetty Green began making money when her father died and she inherited all his money. By investing it wisely, she soon built up her fortune to over 100 million dollars. However, she hated spending money on herself or on her family. Actually, she hated spending money on everything except buying shares. She was so mean that when her son Edward broke his leg, she would not send for a doctor. She did not want to have to pay a doctor's bill. She refused to send her son to a good hospital. Instead, she took the boy to a free charity hospital. There he did not get very good treatment

and, to save his life, he had to have his leg cut off. Still his mother would not pay for proper hospital treatment. She sent for a doctor who cut off the boy's leg in her sitting room. It's incredible, isn't it?26.
