How exciting and encouraging it is! Look at this picture, we ponder the following implication： learning is an honor! Why so? In this day and age, knowledge of human beings is advancing at an unprecedented rate in a multitude of areas. Since the advent of the information era, education has been playing a pivotal role in individual development. We will not be abandoned by the society if we keep learning. For example, Li Zhengdao, a famous Chinese scientist, has kept learning. Then he got great success in the world. He is a real [名词包装] idol for all of Chinese youth[多用词组]. It is evident now that history witnesses learning as a matter of the first importance[头等大事]. As long as we live and learn, we will be a winner in this competitive globe. How thought-provoking and constructive the scene is ! What can be implied from the picture? It is what follows : To begin with, in our study or work, people are usually blind to petty bad habits that limit individual progress and development, such as absent-minded mood and dozing off in the public. Whats more, lots of details, if not treated properly, have often become hazard and bring about losses ; for instance, many fires were caused widely by carelessness of smoking or other factors. Also, the ignorance of trifles and chores will make much waste and pollution. For instance, some people are not sensitive to water waste, and still some are accustomed to throwing rubbish everywhere at their will. All this may mostly

spoil the peaceful and harmonious environment. Therefore, everyone ought to consider the little misdeeds, bad habits and the like [等等] ; stop them on time and you will make your career go well and smoothly. In my view, as for potential youth, above all, we should not ignore little problems, and do our best to reduce the possibility of accident. Besides, we have to control our behaviors and establish good habits rationally. At last, we ought to remind people around of the saying : Little mistake may lead to failure。 [前呼后应、一气呵成] Only in this way can we avoid dangers and keep us away from disaster, striding into harmonious society. 《07考研英语考前30天狂背作文》之小作文 资料集锦:2007年研究生入学考试冲刺专题 考研英语经典作文20篇 07英语作文万能公式更多资料请访问：考试吧考研栏目提示：此题以人物和环境的组合命题，为负面的命题，旨在批评社会上各个方面的不良现象等。这个写作模板比较重要，是考前必备的作文。

Directions : Study the following picture carefully and write an essay in which you should 1. describe the picture 2. interpret its implied meaning, and 3. give your own comment. 让爷爷帮助孙子做作业 特别提示：这是中国社会现象的一个写作模块 Grandfather Doing Homework for His Grandson As is vividly betrayed in the drawing above, the grandfather is so tired as to sleep (doze off), for he has [现在完成进行时] been doing all his grandsons homework. And we can find that [用过渡词语] the undone homework is still before this excessively overworked old man. [这句话描写得很好] The drawing exposes a common phenomenon in our society. How thought-provoking it is! The implied meaning of the drawing is

worth discussing. To begin with, the younger generation are not working hard so much as older generation since they are not willing to do all the jobs by themselves. Take boring [名词包装表达你的语气和态度] homework as example. Very often it is found that all these tasks are left to parents and grandparents[用同义词语]. Is it unilateral responsibility for the younger generation? I think its partly because the old generation should undertake the responsibility for this phenomenon. The older generation love their youngsters too dearly that they fear the younger generation may bear a little suffering ; so the old, if possible, do everything for the young. The result is that the old generation are excessively overworked while [对比关系] the younger generation are becoming useless without fundamental life skills. To conclude, as solid youngsters, in my view, we can not go father and fly higher if we youth excessively depend on the old generation. [此句运用得很好] And the older generation should encourage youngsters to make their own careers[正面论证]. As long as much trained in difficulties and challenges, [年轻人只有经过磨练,百炼成钢,这样的含义需要写出来]we Chinese youths will soon be strong players in this competitive globe. 《07考研英语考前30天狂背作文》之小作文 资料集锦:2007年研究生入学考试冲刺专题 考研英语经典作文20篇 07英语作文万能公式更多资料请访问: 考试吧考研栏目反面命题的模板

国家建设”等等。含义为：以热爱祖国为荣，以危害祖国为耻。以服务人民为荣，以背离人民为耻。 Keep Our Achievements Progressing As can be seen from the picture , a big worm is leisurely enjoying an apple. Its obvious that the apple represents achievements while the worm represents law-breakers or some wicked guys. What is implied in the picture is that great achievements are sometimes undermined by illegal acts and even crimes. To illustrate,our socialist construction and its achievements can be compared to the large ripe apple and law-breakers to the worm. Since China implements the policy of reform and opening to the outside world and especially since China gained its entry into the WTO,China/s economy has been growing at an unprecedented speed,with its annual GDP increasing by over 7 percent. Chinese peoples standard of living has been greatly improved even since. But the law-breakers are doing harm to countrys interestsstealing,robbing,and destructing the public facilities. Worse still, some officials,as it is reported,have made frequent negligence to set aside the public funds for their own purpose. Hence,all these vicious acts may largely ruin the achievements that Chinese people have strenuously attained. To completely wipe out theseworms,effective pesticidesmust be developed and applied. Thereby,the first and foremost thing to do is(to)keep alert and seek out those pests as early as possible. To put it in other words,concerted efforts should be made to keep our society developing more energetically so that all the people can share the brilliant life in peace and harmony. Study the following picture carefully and write an essay in which you should describe the picture, interpret its implied meaning, and give your own comment. Longing for Peace Longing for Peace As is clearly seen in the picture : a dove, from one's hands, is ready to fly high into the sky. Anyone who looks at this sight may imagine a peaceful world where peoples, regardless of nationality, race, color or religion, will live in peace and harmony, for dove is universally acknowledged as the symbol of peace. However, today's world is at risk of war and conflicts, and it is in urgent need of peace. In many parts of the world, peace is still an illusion. The fights and conflicts between nations are a commonplace case in point. The global TV media are flooded every day with news of deaths and injuries in some areas. Repeated attempts have been made to restore peace and order, but most of them turn out to be fruitless. A recent one entitled " Road Map " is well proposed but not well in progress, which is, therefore, doomed to be an impediment to the peace progress. In view of the turbulent past, all nations should reconsider the sources of conflicts and take effective actions to curb them. Above all, all governments should learn to resolve their disputes in a peaceful way. Under all circumstances, dialogues should prevail, for this practice can only result in the virtuous circle of advance.

Moreover, international community should make concerted efforts to help two parties resolve their problems instead of taking " wait

and see ” attitude. If everybody contributes to the peace cause,our world will become a better place to live in. 考研网校名师 索玉柱 《07考研英语考前30天狂背作文》之小作文 资料集锦:2007年研究生入学考试冲刺专题 考研英语经典作文20篇 07英语作文万能公式更多资料请访问：考试吧考研栏目 100Test 下载频道 开通，各类考试题目直接下载。详细请访问 www.100test.com
