Directions: You want to study at a certain foreign university. Write a letter to ask about the situation there as regards accommodation and fees, possible scholarships, and what qualifications one needs for acceptance. Dear Sir or Madam, I am a Chinese student who wish to apply for admission into your prestigious university. My plan is to start my course next term, and I would be grateful if you would be kind enough to provide me with certain essential information. First, what qualifications do I need to follow a course of study at your university? I already have a bachelor ' s degree from Beijing University, but I wonder if there are any further academic requirements. Second, how much are the tuition fees? Although I intend to be self-supporting, I would be interested to hear if there are any scholarships available for international students. Third, what is the situation as regards accommodation? I look forward to your reply, and to attending your esteemed institution. 二、环境保护

Directions: Study the following picture carefully and write an essay in which you should 1) describe the picture briefly. 2) interpret the social phenomenon reflected by it, and 3) give your point of view. (图略) It is symbolically revealed in the cartoon that sand storm in a city is so heavy that taxis cannot move any more. A passenger with a mask on his mouth, is riding on the back of a camel, which is the new " taxi " .The purpose of the cartoon is to show us that utmost

importance should be attached to environmental protection. On the one hand, it so happens that we cut trees to clear land for farming and level up a lake to build houses. The result of so doing and other destructive developments is deforestation and uncontrollable desertification, thus driving us homeless like the scene we see above. On the other hand, scientists have warned that unless drastic steps are taken, the problem of sand storm will eventually get out of hand. As a matter of fact, people from all walks of life are showing a real concern over this issue. From my point of view, we should work out concrete solutions to the problem. For one thing, the best way to fight back against the greedy desert is to vigorously set about the task of planting trees and grasses for the reforestation to reclaim the land. For another, since trees play a vital role in water and soil conservation, we must waste no natural resources and possibly develop alternative forms of energy to replace the decreasing resources. Accordingly, the earth is our home and we have the duty to take care of it for ourselves and our descendants. 《07考研英语考前30天狂背作文》之小作文 资料集锦:2007年研究生入学考试冲刺专题07考研政治考点归纳 考研英语经典作文20篇 07英语作文万能公式更多资料请访问：考试吧考研栏目三、投诉信

He/She has parties in the room and sometimes borrows your things without asking you. Write a letter to the Accommodation Officer at the college and ask for a new room next term. You would prefer a single room. Explain your

reasons. Dear Sir or Madam, I am writing to express/air dissatisfaction/disappointment/concern regarding accommodation. I would prefer to move into a single room next semester, as I find the present sharing arrangement inconvenient. I must explain that the reason for my dissatisfaction is my roommate's inconsiderate behavior. For one thing, his friends are constantly visiting him. For another, he regularly holds noisy parties. To solve this problem/surmount this difficulty/improve this situation/crack this hard nut, I hope to draw the attention of the authorities concerned. I am sure you will agree that the only solution is for me to move into a room of my own. Therefore, I would be grateful if you could find a single room for me, preferably not in the same building but as near to the college campus as possible. Yours sincerely, Li Ming

四、职业道德
Directions: Study the following pictures carefully and write an essay in which you should 1) describe the pictures briefly. 2) interpret the social phenomenon reflected by them, and 3) give your point of view. 图略 The cartoons vividly depict people in expanding numbers are engaged in open and rampant cheating in business. In the first drawing, a boy has no courage to have dinner in front of delicious foods in that there may exist pesticide pollution or poisonous elements in the foods. In the second picture, the administrative office, salesmen, breeding families and forage shops are laughing at the hanging of a poisonous duck. Professional dishonesty has a very damaging effect. In the first place, since cheating in business reveals the moral deficiencies as well as the humanity weakness of those businessmen who engage in it, the

dishonest practice will ultimately exerts a perverse influence on the whole society. In the second place, it not only puts honest businessmen at a competitive disadvantage, encouraging those who did not cheat to adopt similar practices later, but undermines the very foundation of professional ethics in business. It is often painful to impose sanctions in a specific case. But it is worthwhile. For one thing, to eliminate professional dishonesty thoroughly, serious forms of punishment for a willful offense a suspension of the offender from business should be applied. For another, since the incentives to engage in cheating in business are mainly due to a lack of adequate precautions, drastic actions should be taken to prevent one form of cheating or another.

六、人口增长 (图表作文)

Directions: Study the following charts carefully and write an essay in which you should 1) describe the charts briefly. 2) interpret the social phenomenon reflected by them, and 3) give your point of view. (图略)

As is shown in the graphs, there exists a definite link between world population and the amount of energy consumed around the globe. The first diagram describes that from 1900 to 2050, the world population will dramatically increase from 1.6 billion to 9 billion. It is illustrated in the second bar chart that China has effectively controlled its population growth rate by staying at 7.0 percent in 2003, 4.7 percent lower than the average world rate. As is revealed in the third table, between 1900 and 2000, the amount of world energy consumed substantially rose from 0.5 billion ton coals to 23 billion ton. The purpose of the charts is to show us that population explosion becomes a serious problem. First and foremost, population growth has put enormous pressure on world food supplies, making it extremely difficult, if not impossible, to avoid hunger and starvation on a massive scale. Furthermore, destruction of the land has also increased as the growing amount of natural vegetation removed to make room for more houses, roads and highways. Last but not least, the rise in population is accompanied by desire of people in mounting numbers for increasingly less job opportunities, and few and few natural resources to raise their living standards. Briefly speaking, food shortage, environmental

destruction and the lowering of the quality of life are the certain results if we are not able to solve it. To begin with, we should appeal to the authorities to control world population. In addition, we should cultivate the awareness of people that family planning policy is extremely essential to China. It is time that drastic measures were taken by the authorities to change the situation. 《07考研英语考前30天狂背作文》之小作文 资料集锦:2007年研究生入学考试冲刺专题07考研政治考点归纳 考研英语经典作文20篇 07英语作文万能公式更多资料请访问: 考试吧考研栏目七、 备忘录/报告

To : Percy Shelley, Vice President
From : Li Ming, President
Subject : Computer Training of the Staff

As we discussed earlier this week, I agree with you that our firm is faced up with problem of the high rate of computer illiteracy of the staff. We need to make up a plan for training our employees in the new field. I would like you to design our own in-house computer-training program. We had better classify the employees and put them through the program in turn. Write up a brief proposal, describing what you think the program should cover. Assume the class runs four hours a week for ten weeks. Also, assume people have no prior computer knowledge or any formal course work in computer science.

八、 压力

Directions: Study the following picture carefully and write an essay in which you should 1) describe the picture briefly. 2) interpret the social

phenomenon reflected by it, and 3) give your point of view. The cartoon vividly reveals that a young couple is carrying a house on their back. On the house, there are four of their parents, their baby, a car, a TV set, a computer and so on. These things are so heavy that the couple can hardly carry them on their back. In the past few years, quite a number of men and women have chosen to do something less competitive. They are afraid that the stress and strains of work will rob them of joy and happiness and do them harm both physically and mentally. In fact, however, stress isn't the bad thing it is often supposed to be. Above all, unless it gets out of control, a certain amount of stress is vital to provide motivation and challenge, and to give purpose and significance to an otherwise meaningless, idle life. Furthermore, people under stress tend to express their full range of potential and to actualize their own personal worth, the very aim of a human life. Stress is a natural part of everyday life and there is no way to avoid it. What we can do is to develop our adaptive abilities to deal with it rather than to escape from it.

十、个人隐私

Directions: Study the following picture carefully and write an essay in which you should 1) describe the picture briefly. 2) interpret the social phenomenon reflected by it, and 3) give your point of view. (图略)

The cartoon vividly illustrates a man is astonished at numerous personal data out of a computer. The data include home address, hobbies and interests, employer, Identification Card number, phone number, credit card number, personal photographs, social relationships, and so on. In recent years, a great many mass media focus on the activities of film stars, pop singers and even ordinary people. First and foremost, reporters disguise their identities, infiltrate the subject's business and family, or even bug and wiretap them to get the news by whatever means are necessary. In addition, since celebrities are newsworthy figures, and their stories draws far more attention than those of other people, it is natural that the press tries to attract the public to buy their magazines or surf on

net by featuring private life of famous people. Genrally speaking, a large readership means the rise in the circulation of their publications, hence a huge profit. In my view, exposing the privacy of people threatens to do more harm than good. In the first place, those exposed people can be severely injured by such public attention. In the second place, we have the right to keep our own privacy, the basic right which should be respected, proected and guaranteed by our laws and regulations under whatever circumstances. 《07考研英语考前30天狂背作文》之小作文资料集锦:2007年研究生入学考试冲刺专题07考研政治考点归纳考研英语经典作文20篇 07英语作文万能公式更多资料请访问：考试吧考研栏目 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
