1. Career or Family: which is more important? When asked about their opinion of career and family, people always respond differently. Some people deem it more important to pursue their career, while there are always other people who argue that family should be the number one in one's life. It goes without any question that career plays a key role in our life. In the very first place, career can give us an aim to live on. Without career, much of our living time will be certainly wasted. What's more, career can provide us with a means to live on. Most of the people earn their income from a job. On the other hand, family is also an indispensable part of life, as many people will admit. Family is always regarded as a place where we can escape from troubles in life. In addition, we can obtain a sense of belonging to from family. Without it, anyone will feel lonely and desperate. In my opinion, career and family are not in opposition to each other. Rather, they can enhance each other so that one's life can become better and better. Therefore, it's not a choice between right and wrong, but one between ideal and practical.

2. Olympics and I Dear friend, I have a great news to inform here. Through long efforts, Beijing has been granted the right to host 2008 Olympic games. As a

resident in Beijing, I feel quite excited and like to share with you my happiness. This success means a lot more than a game to me. In the first place, this Games will definitely promote the development of our economy. According to a recent survey by some experts, this games will raise our GDP by about 3%, and offer about 10,000 jobs. What ' s more, our culture will be widely recognized and accepted all over the world through the Games. People will come over from every corner of the world, and experience Chinese culture in every aspect. Besides, through the games, our living environment will be greatly improved. For example, the public transportation system will be up-dated. Moreover, it ' s known that more trees will be planted, and grassland will be considerably expanded. My friend, I really look forward to the coming of this great Games. As an individual, I ' m all ready to offer my help in any way I can. I also hope to invite you all to come here, and watch the games in 2008. Sincerely yours,3.

Tourism in China Recent years have seen a tendency in China that tourism is growing faster. According to a recent survey made by some experts, about 47% urban residents travel regularly, and 28% rural residents also make their tour across the country. The survey also shows that more people are interested in tourism, and will join the army in the future. Facing this tendency, we can ' t help exploring some underlying factors that are responsible. In the very first place, with the policy of reform and opening up, Chinese people ' s living standard has been greatly improved, and therefore, most of them can afford to travel around. What ' s more, it is believed that people now take a more positive attitude to tourism, and regard it as

a life style. In addition, tourism facilities are becoming better and better. For example, transportation develops fast, and many scenic spots are available now. Though there are still some problems with tourism, I personally believe that tourism should be playing a key role in our life. I also hope that our government will make policies to create a better environment for tourists.
