The issue of whether... is a complex and controversial one, which describes the dilemma faced by many people in this era. The arguer advocates that ..., probably, while others insist that... The choice, nevertheless, is not easy to make. As far as I am concerned, I partly agree with the author, that is, I support that, However, in the issue of, we may part company, because..... there are too many benefits that outnumber its disadvantages not to support it. Among numerous reasons why I support B, I will in here explain a few of the most important ones. The main reason is that For example, therefore, it is obvious that... A further reason that can be presented to develop my position is that To illustrate this point, let us see an example..... Admittedly, it may be true that A also has some benefits in some conditions, such as..... However, this alone does not constitute a sufficient support to ..., When the advantage and disadvantage of A and B are carefully compared, the final judgment is not difficult to make. One argument against my contention might assert that, by nature, ... , and that I am simply underestimating.... Yet substantial evidence exists to the contrary... For example, ... Given this, ... is certainly warranted. Consequently, due to the above-mentioned reasons, which sometimes intertwine to FORM an organic whole and thus become more persuasive, we may safely arrive at the

The issue of whether... is a complex and controversial one, since it involves a conflict between The arguer advocates that..., probably, while others insist that... The choice, nevertheless, is not easy to make. However, it seems to me that there are good points in both means, and after carefully weighting on the mind, I believe that the final judgement should depend on a case- by -case analysis of different situations.. A is very important under some circumstances, for example,..... Just imagine what would be like if we do B ...under these situations:.....,, and....., therefore, it is probably better for us to choose A rather than B. On the other hand, choosing A does not mean that this approach is flawless. Just as there is no perfect man, there are still several defects in the alternative of A, such as..... All of these may bring about unintended result and thus undermine its effects. From this point, we need unceasingly to improve and perfect this approach so that it would be to our advantage to B is sometimes important as well, for instance,..... Under circumstances mentioned above, we may get more benefits from B than A. In fact, because the circumstances faced by many people in daily lives may intertwine to form a complicated one and these two alternatives are not either-or choices, we can balance these means, employ them in specific respects of a problem and thus solve the problem more comprehensively. Consequently, due to the above analysis, it is not difficult to draw the conclusion
