WRITINGSECTION A COMPOSITION The World Is Getting  
Smaller and SmallerThe world is getting smaller and smaller. Most of

us may have such experiences:when you go to some place far away  
from the city where you live and think you know nobody there,you  
are surprised to find that you run into one of your old classmates on  
the street. Perhaps both of you would cry out, “ What a small world!

” Why is the world getting smaller and smaller?For one thing,faster  
and safer means of transport have greatly reduced distance.In the  
past it took people eight weeks to cross the Pacific Ocean,but now an  
air journey from Shanghai to New York only takes eight hours.For  
another,the quickening pace of modern society creates more  
opportunities for people to visit each other.For example,business  
activities and cultural exchange have brought peoples into constant  
contact with the world.So we may safely draw the conclusion that the  
more advanced a society and technology is,the smaller the world will  
be.

SECTION B NOTE-WRITINGDear Alice,It ’ s a pity that you  
were out when I came to see you.The final examination is coming,I  
think we should study much harder.So I ’ d like to ask you to go to  
the library with me at weekends. What do you think of it?Please let  
me know before this Saturday.Yours, TomPART LISTENING
