Both of them speed up the wheel of economy and enrich the intelligence of mankind. It is possible to accomplish a complicated program by only one person now. As we know, the more cooperation a company depends on, the more efficient it will become in business. Furthermore, we can ' t avoid competition in our exchanges. From time to time, we compare ourselves with others, expecting to catch up with others. This is the spirit of competition, by which we pursue the highest goal. It is only by competition in the market that a company can raise its reputation. Were it not for competition, say, all of us would not enjoy what we have achieved. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
