Directions: For this part, you are allowed thirty minutes to write a composition on the topic It Pays to Be Honest. You should write at least 150 words and base your composition on the outline (given in Chinese) below: 1. 当今社会上存在着很多不诚实的现象。 2. 诚实利人利己，做人应该诚实。 It Pays to Be Honest

In our modern social life, there are many examples around us show many people are cheated. Advertisements cheat people, salesmen cheat people, even ones closest friends cheat him or her. So many heartbreaks are heard everyday that we cannot help asking: where is our honest exist? Everybody is taught honest in the primary school or even in the kindergarten. Honesty does good not only to ourselves, but to others as well. If we are honest to others. We will be happier and be in a better mood. Otherwise, well feel guilt at last. To a company and its advertisement, honesty will bring it more consumer and more profit. If we cheat others, friends will never believe you and they will leave you alone. To a company, no consumer will buy your product again. So, as the above is said, it pays to be honest. Lets create a morally outstanding social.

Although honesty is believed to be a virtue, there are still dishonest people in our society. For example, some businessmen sell fake product to their consumers. some students cheat in the exams.

Dishonest people are short-sighted. Those who sell fake products may make money at first, but consumers won't buy their products any more. As a result, they will lose their fortune or even be sent to prison. By contrast, honest people gain a lot. Those who always tell truth or keep to their promise not only let others trust them but gain respect from other people as well. Such persons are sure to have a lot of good friends. Because they are trustable and respectable, everyone is eager to make friends with them. Besides, it is easier for a person with a good record to get a good job. Generally speaking, every employer wants his employees to be honest. So we can say that anyone who is honest will be paid back later. In a word, honesty wins trust, respect and honor. So it is important that we should be honest.

With the development of modern economic and industry, competitive is becoming more and more obvious. At the same time, the performance of dishonest is becoming more and more clearly. Nowadays, there are many dishonest performance in our society. For example, some people found that he saled goods had past the preservation date. Not throw them away, they revised the perservation date, and saled them again after several days. Another case in the point, a pair of shoes was made from goat. However, in order to sale at a high price, the salers would say they were made from cow which has good quality. From the foregoing, we can see that dishonest dose not only harm to yourselves but also harm to others. And it is no use only realise the harmness of dishonest. We should be honest from now on and be honest in our daily life. It is only that people all over the world are honest them our country will

be beautiful and wealthy. Now in our society, many people are not honest in doing something. We often can meet with something happened cause by people who are not honest. For example, Now we take the bus need carry cents own, and when you upstairs the bus, you should put the cent into the money box. Every people do that, but some of the people put the other things instead the cents. For another example, it is more normal that in the exams we can always find some students see others. I consider that every people should be honest. As a people, honest should be first, because it can make us to be increase and make our society develop. In doing every thing we should be honest all, study, word, life and so on. If you are honest, every people will be friend to you, and who will regard you are good people. But if you dont be honest, people must unwilling to trath with you. So if you are want to be a good people, remember honest first.

Nowadays, many people choose not to be honest in our modern society. We almost can find such things every day of our life: some students cheat in the exam for higher marks. some corporations tell wrong data to the public in order to get more investment. and some doctors treat their patients with unnecessary and expensive medicines in order to make money, sometimes damaged the patients health, even their life. Seeing this situation. I think it must be changed. Being honest will benefit not only others, but also ourselves. First, your honesty will make others willing to trust you. Second, being honest can lead you to face your problem bravely, which helps to solve it. And the last, honest surely helps to make the society more harmony. So. I think everyone should start to be honest

and everyone should have the idea that our society can not do without honesty. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
