Take it one game at a time, not three at a time, Lets go out and get the job done! ” “ Lets get serious! Fellas. ” “ One! ” Two Three! Lakers! ” Play as hard as you can, leave it all up to...Steal by Iverson! Back on Bryant, easy lay-up ! Kobe could not afford his third foul.! ” Elsee led by Horry, left-hand scoop is good. A left-hand scoop down from the bottom of the net. Allan wants to go, watch the baseline, fade away! Yes! Look out! He knocks down another one. (Off the sideline during a long timeout) Phil Jackson (The head coach of the Lakers): Keep the game simple offensively, it got a little bit too tricky. When you throw to Shaq throw high for example, little things like that .OK, their ball first, lets get our defense back in order. Bryant ,once again played very well by Bell... Three on the clock Fish gets it off, Fish makes another three! Thats silly ,that ' s silly, five out of six from three-point range. Theyre one minute away from the championship. Fisher has to fire a three, yew ! And there it is . Ladies and gentlemen, you can start the party out in Los Angeles. This babys headed for the history books. Its the most spectacular season for titles for the most valuable player Allan Iverson. And that will do it. Back to back titles for the Los Angeles Lakers. The Lakers who finish with a fifteen and one run, the best all-time playoff winning percentage in the history of the league. Ahmad Rashed (A

very famous host of the NBA): Joining me here for the trophy presentation the owner of the Lakers Dr. Jerry Buss, head coach Phil Jackson and the rest of the Lakers and now to make the presentation of the Larry Brown Trophy here is the commissioner David Stern. David Stern: This Laker team beat a Philadelphia 76er team and our hat goes off to them. But you had the best record ever in the history of the NBA playoffs, you should be proud of that. You defended your title with intensity, passion, but most important teamwork and grace. Congratulations to the 2001 NBA Los Angeles Lakers! Seventeen blocked shots in a five game series, 33 points a game, 16 rebounds two consecutive MVPs, congratulations Shaquille O'Neal the 2001 Finals MVP. Larry Brown (The head coach of 76ers): Umm... you know I think I... One I'd like to congratulate the Lakers. I thought they were phenomenal, they were ah... well coached. They played like a class team the whole series and you know certainly deserved to win and umm... it was just a phenomenal phenomenal experience being in the playoffs with a group like that. And uh... the big guy was unbelievable. I think umm... each game our appreciation grew for him but he umm... I thought Phil did a great job. Reporter: Larry, have you ever in your career seen a team that didn't win the championship, so admired so apparently loved by a city, by an entire area? Larry Brown: They helped us get here. I don't think I've ever seen a team get any more support than you know, we received. And it was... you know when you consider where we've come, it's been pretty amazing. Phil Jackson. After the first game he got in a scoring contest

with Alan Iverson. They got 40 points each in that ball game. I went down the stat sheet and said, " That ball game you have zero blocked shots. We really need you defens. " And the next four games he averaged about four plus blocks a game and his defense is really, I think, is one of the keys for us winning this game. He was a presence inside both offensively and defensively. Well you know he came out with a lot of energy post All Star break and said now it ' s time to start going and unfortunately for us it wan ' t time. Umm... as for as injuries and the scheduling and the things that happened to us we werent able to get ourselves toing for another six weeks. But he kept motivating the team. He kept his engines going ,he kept conditioning and reconditioning himself and taking a lot of time with free-throw shooting and all the things that are the weak points of his game that he wanted to improve. And I think everybody just took his leadership this year as a big plus. You know Shaq, a lot of times has not been as abvious a leader as he was this year ,he truly was a great leader in this team. And for him to win the second one I think you know this is a validation of you greatness, your ability. You know you look back at the great centers who have been in this league, Chamberlain had two championships spaced apart for four or five years. Umm... Shaq has got more in him and I expect him to have more than two chanpionships befor he ' s finished with this game. Shaquille ONeal: I m drunk... Uhh... the last fifteen, twenty games we just, yu know, became a great team. And ... uhh... you know Kobe did a great job keeping everybody involved and uh...everybody shot the ball well. And uhh... you know we just played with that hunkering. It ' s like

Toby Knight told me that we made history. We have the best record in winning our championship. So that 's another thing I could tell my sons. I ' m a big historian. I ' m happy. You know it may not seem like I ' m happy on my face but I ' m not done. So I ' ll take a week off , start working out again, come back leaner and meaner and try to get another one next year. 100Test 下载频道开通 , 各类考试题目直接下载。详细请访问 www.100test.com
