OracleCertificationProcess:AStep-by-StepGuide PDF

https://www.100test.com/kao_ti2020/246/2021_2022_OracleCert_c
102_246107.htm In order to become an Oracle Certified
Professional, you should complete the following steps: Step 1 Review
the Oracle Candidate Certification Guide Obtain the Oracle
Candidate Certification Guide for the track you would like to
pursue. Review the track information and requirements to complete
your certification. The candidate guide can be viewed/downloaded
from the OCP Track page. Step 2 Review the Test Content Checklist
The Test Content Checklist is located in the Oracle Candidate
Certification Guide. The checklist will list the test objectives to give
you insight of the knowledge required for completion of the test. Go
through the test preparation section in the candidate guide to choose
which method of preparing is best for you. Step 3 Register for your
test &amp. Redeem your 35% Employee Discount Oracle University
has partnered with Prometric Testing to insure the highest quality
delivery for your exams with the least amount of hassle. There are
now two different ways candidates can register for and schedule their
exams. New Online Registration allows candidates to schedule exams
at any time using the world wide web. Please visit the Prometric
Registration web site at www.2test.com to get started! For more
information on this process, please visit our Online Registration
Tutorial Page. Telephone Registration is available in all locations
worldwide during local business hours. If you are located in North
America, please simply dial our toll free registration line at

1.800.891.EXAM (800.891.3926) If you are outside of North America, please visit our listing of International Telephone Registration Centers To find a testing center near you, please visit our Test Center Locator Page If you are disabled and require special assistance when completing your exam, call Prometric at 1.800.443.1684. This office can answer questions about what accommodations can be made for people with disabilities. Oracle Employee Discount For Oracle employees, the price of each test is $81.25 - a 35% discount off of the $125 general public price. Provide Promotion Code #S20 to Prometric on their on line web registration form or during the telephone registration process. Pay for your exam using a major credit card. You can expense the exam fees per your manager's approval. When you go to the test site, bring 2 forms of identification, plus your Oracle ID. Step 4 Take your test Arrive at least 15 minutes prior to your scheduled appointment. Bring 2 forms of identification, plus your Oracle ID. You will receive your score report following your examination. If you are completing a beta version of an exam, you will receive your score report 10 - 12 weeks following the beta period. Step 5 Once you are certified You will receive an OCP Success Kit within 30 days after successfully completing all the tests in the certification track. Included in the kit will be your certificate, usage guidelines for the OCP Logo and a variety of OCP benefits. If you do not receive your OCP Success Kit 30 days after completing your certification, send an email message to fulfillment@prometric.com. Include your first and last name, Sylvan ID # and current email address. Oracle's corporate policy does not

permit any additional logos on your Oracle business card. You may display your OCP status on your Oracle business card. Your OCP credential should be listed on two lines under your job title. The OCP credential titles are listed below: (line 1) OCP Database Operator, (line 2) Oracle8 (line 1) OCP Database Administrator, (line 2) Oracle 7.3 (line 1) OCP Database Administrator, (line 2) Oracle8 (line 1) OCP Database Administrator, (line2) Oracle8i (line 1) OCP Application Developer, (line2) Oracle Developer Rel. 1 (line 1) OCP Application Developer, (line 2) Oracle Developer Rel. 2 (line 1) OCP Applications Consultant, (line 2) Procurement Rel. 11 (line 1) OCP Applications Consultant, (line 2) Order Fulfillment Rel. 11 (line 1) OCP Solution Developer, (line 2) JDeveloper Rel. 2 (line 1) OCP Enterprise Developer, (line 2) Oracle Internet Platform 100Test
