Tom dare not go into the haunted house. How dare you say such a thing to your father! I won't allow you to swim across the river, even if you dare do it. The current is too swift. 但在现代英语中dare, need一样用作及物动词的时候更多一些，后面可以跟不定式，用于各种结构中。【例如】Does Tom dare to go into the haunted house? I have never dared to tell him about it. She stopped at door, not daring to enter. If you dare to say "No", I will beat you. He didn't dare to do it because he was under inspection. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
