在城市还是在乡村，说说你的理由。 Topic9、Some people prefer to live in a small town. Others prefer to live in a big city.

Which place would you prefer to live in? Use specific reasons and details to support your answer. 【参考范文之一】 I grew up in a small town and then moved to a big city, so I have experienced the good and bad sides of both. I never thought that I would like living in a big city, but I was wrong. After ten years of living in one, I cant imagine ever living in a small town again. Small towns and big cities both have some problems in terms of transportation. In a small town, you have to own a car to ensure a comfortable living. You cant get around without one because there isnt any kind of public transportation. Big cities generally have heavy traffic and expensive parking, but there you have a choice of taking public transportation. Its not free, but its often cheaper than driving when you consider gas and time. Especially if you dont have a car, youre better off in the city. amdsPace.Com I love the excitement of big cities. Small towns have a slow pace. Large cities mean you have to adapt to a variety of situations, like finding a new route to work or trying a new restaurant. I enjoy that challenge very much. Another pan of the excitement of city living is the variety of cultural activities available. There is a wide assortment of theatre, music and dance performances available in big cities. These things are rare in small ones. The final

thing I like about large cities is the diversity of the people. The United States is made up of people of different races, religions, abilities, and interests. However, you seldom find such a variety of people in a smaller town. I think that living in an area where everyone was just like me would quickly become boring. Of course, security is a concern, and that's one area where small towns are superior to big cities. Still, I would rather be a bit more cautious and live in a large city than to feel secure but bored. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
