music and sports are not important. To what extent do you agree or

disagree with this opinion? In order to improve the quality of

education, high school students should be encouraged to evaluate

and criticize their teachers, but others think it will result in loss of

respect and discipline in classroom. Discuss both sides and give your

opinion. Children who grow up in families which are short of money

children who are brought up by wealthy parents. To what extent do

you agree or disagree? 2 . 科技影响类 Many people think that public libraries should only provide books to readers and shouldn't waste their limited funds on expensive high-tech media, such as computer software, DVD or videos. To what extent do you agree or disagree with this opinion? In recent years, working at home for one's employers has become a growing trend in many countries and is expected to be common for most office workers in the coming decades. Discuss the reasons why it is popular and state your opinion about the social phenomenon. 3 . 文化传统类 The government is responsible for protecting a nation's cultural identity. Thus, some people believe new buildings should be built in traditional styles. To what extent do you agree or disagree with this opinion? It is more important for a building to serve its purpose rather than looking beautiful. Architects should not worry about buildings as works of art. To what extent do you agree or disagree? 4 . 国家政策类 In many countries, good schools and medical facilities are available only in cities. Some people think new teachers and doctors should work in rural areas for a few years, but others think everyone should be free to choose where they work. Discuss both and give your own opinion. 5 . 传媒类 People think that news media have influenced people's lives nowadays. It is therefore a negative development. To what extent do you agree or disagree? 6 . 犯罪类 In recent years, the percentage of crimes committed by young people in major cities throughout the world is increasing. Explain the possible reasons and suggest some solutions. 提示：这 10 篇文章我相信在 07 年一定会反映出来，就算不是一模一样的题目，里面所涉及的内
