features of cafe or restaurant you like
2. keep or not old building in the city
3. new system to improve the efficiency of using computer
did not agree one : new system is not convenient or efficient, because students have to finish their printing or using computer in 1 hour, if they do not finish, they have to turn back again.
two : the noise problem will be worse, since at present the noises come from the hall, if the new system establish, the noises will come from both the hall and the disagreement of students.
4. advertisement passage : the crucial element of ad is awareness of what people value and what they want most.
lecture about a soda
one a party full of happy people. all of them take a new brand soda with them, then audiences think the soda can bring happiness to people
the other one, also a happy occasion, a young man open a brand, then all people become quiet and leave him alone----for other brand(enemies)
5. a movie reviewer is going to graduate and leave for job interview, so no one is now in charge of this job
two solution, sorry i did not quite follow the talking
6. if you offer service to customers, it is very important to cut the waiting time since they are easily impatient. if you can not cutting the waiting time, using the preserved time meaning that the time people feel they are waiting, for example. in the doctors room. you could put a tv and let the patients watch tv to kill time, or hotel often has mirrors in the hall. other examples are in the railway station, they

let the patient know how much time left before a train gets into the station. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
