She is as happy and gay as her youngest great-grandchildren. Her health is still very good. Carrying her baskets of food, she often walks to distant temples to pray. Although she cannot read and write, her mind is as quick and sharp as a youngster. Often I have noticed that my grandmother sees a joke attitude very small things around her. Her attitude toward death is both reassuring and thoughtful. She is full of animation and excitement when she talks, especially about the past. Her life is one of simplicity, independence, generosity, and trust because she is young at heart. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
