参考答案： With the deepening of reform and opening up of our country, studying overseas is becoming an increasingly

popular option. People who choose to further their studies abroad insist that overseas study can benefit them in different ways . First, living in a foreign country,they can improve their foreign language skills. Second, completing part or all of their education overseas,help them gain a broader or different perspective on their field of study. Third , they can experience a different culture first-hand

However,there are still many people who favor studying at home.(2) They argue that , for one thing, studying abroad is too expensive and therefore does not pay off . For another, there are no language and cultural barriers if they study in our country.I,myself,believe both opinions are acceptable in some sense. If students who wish to have overseas academic experience. have got the chances and financial resources,they should seize the opportunity to go abroad and broaden their vision. On the other hand , if conditions dont permit,they can pusue their studies at top universities in our conuntry. What counts is not the place where they study,but what they can learn.
