电视影响朋友以及家庭人员之间的沟通？ Topic8、 Do you agree or disagree with the following statement? Television has destroyed communication among friends and family. Use specific reasons and examples to support your opinion. 【参考范文之一】

When asked about what has been brought by television, different people have different answers. There is some people who dont like TV saying that television has destroyed communications among friends and family. however other people take a negative attitude on this issue. In my opinion, I disagree with the above statement. The reasons are given below. Television is only one instrument for people to relax. There is many ways of amusement for people to 0select after the working time nowadays. You can 0select to meet your friends, to accompany your parents or to take part in some sports activities. Watching TV at home is simply one way to live. It is too narrowly to regard TV as one main reason to damage relationship among friends and family just because some people has spent a lot of time on it. Another reason that I disagree with the above statement is that TV can provide some additional topics for communication among friends and family. Talking about the news, the soap drama or soccer game watching on the TV last night is also good communication ways to increase your affections with your friends and your family. Also sometimes, skipping one TV program could probably make

you lose voices among your friends. Last but not least, watching TV is one good medicine to cure the loneliness when your friends and parents can not accompany with you. I would not forget the warm which was brought by TV when along outside the hometown. I cant deny that some people has ignored friends and family when they are addicted into watching TV. However, everything has its two sides. All the factors mentioned above determined me to draw the conclusion that it is not reasonable to say television has destroyed communications among friends and family. 100Test 下载频道开通, 各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
