come to believe that Nature is understandable in the sense that when we ask her questions by way of appropriate observations and experiments , she will answer truly and reward us with discoveries that endure. 错误: For a result of 应该是 As a result of. 介词搭配不当.

5 At the same time, young people should be encourage to communicate with their peers and develop their interpersonal skills, which may help them greatly to reduce dependence in their parents. 错误: should be encourage 应该是 should be encouraged, 情态动词的被动语态. dependence in 应该是 dependence on, 介词搭配不当.

6 When a new movement in art attains a certain fashion, it is advisable to find out what their advocates are aiming at, for, however farfetched and unreasonable their principles may seem today, it is possible that in years to come they may be regarded as normal. 错误: their advocates 应该是 its advocates. Its 在这里指代的是 a new movement in art. 所以不能是 their.

7 Numerous other commercial enterprises, from theaters to magazine publishers, from gas and electric utilities to milk processors, bring better and more efficiently services to consumers through the use of computers. 错误: efficiently services 应该是 efficient services. 这也是许多学生经常犯的一个错误。副词不能修饰名词, 必须得改为形容词。

8 The American economic system is, organizing around a basically private-enterprise, market-oriented economy in that consumers largely determine what shall be produced by spending their money in the marketplace for those goods and services that they want most. 错误: organizing around a basically private-enterprise 应该是 organized around a basically private-enterprise. 这里应该是过去分词来做一个伴随状

语，而不应该是现在分词，因为它是主语的承受者。in that应该是in which.因为只有in which才能引导一个定语从句。in which=where, 在引导一个定语从句时，后面需要加上一个完整句。而in that只能引导一个状语从句=because. 9 Thus, in the American economic system it is the demand of individual consumers, coupled with the desire of businessmen to maximize profits and the desire of individuals to maximize their incomes, which together determine what shall be produced and how resources are used to produce it. 错误: which应该是that.与前面的it is构成一个强调句型。强调原句中的主语。 10 The individual now has more information available than any generation, and the task of finding that one information relevant to his or her specific problem is complicated, time--consuming, and sometimes even overwhelming. 错误: one information应该是one piece of information. 因为information是不可数名词，前面必须加量词修饰。 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
