1) He hit the big time in the end.

NOTE1: 注意in the end 短语中the的读法；

NOTE2: It means that he made great success in the end. 2) His story is all moonshine.

NOTE1: 注意时moonshine（胡说，空想），而不是sunshine；

NOTE2: It means that he was just blattering（胡说）and nobody would believe him.

「世博V O A」洗耳恭听，两个句子小菜一碟！

Here is a story: Now he is a physicist. Nobody could have

expected that he could hit the big time in the end. When he was a

child, he was a bit strange and was asking why again and again. As

you know, some of the questions couldnt be answered by the

grown-ups. At that time, they would say that the questions were

absurd, that the boy was abnormal and that his story was all

moonshine. To our great surprise, he made it finally. So it is the time

we thought about the ways to treat our children. 1) He hit the big

time in the end. 他最后一举成名。 2) His story is plain

moonshine. 他在胡说八道。 「请你猜猜看」挑战自我，情景

抢答也刺激！ Here are three situations: S1. He said that he saw a

flying saucer in the sky on his way home. Do you believe in what he

said? How would you answer him? S2. We know the phrase "he

made it in the end" means "he succeeded in the end". Could you give

me another phrase that has the same meaning? S3. Do you think that

you can hit the big time in the future? If you say yes, tell me what you
