At zheng jia supermarket. there is a fossolized dinoaaaur exhibition show during the vacation of national day ' golden week ' time .Which had been devoting prepared for more than a half year by the host and the authority, There is no comparson , the aborption just consist in it ' s distinct living age , Foremost historical worth and mighty shape to have a seemingly visual banquet , Lack of word to appreciable the divine importance ,Everyone would no lose such a chance to even just catch a sight of it , me included ! With eager wondering of dinosaur ' s appearance I went to there .. Being a grand mansion - there is 7 floors with different kind of applicable functions within this supermarket , And the exhibition was located in the 5th floor , There are sereral assortment of dinosaurs each with its owe height length feature weight here ,But just only the one is attended tendency to the visitors , and others common , The stands here was sure be countless with all eyes staring to the pretty feature one ,People who are upon 5th floor could saw them when shopping , Each group of people was consented to view by turns , Alternate moving crowd never stop .. To be frank I was never be so ashamed of my short for I could not see the huge fossil clearly ! I managed to escape from the crowd to close to it , Really cool and grand ,the bone are all brown after 150million years buried underearth , and every piece of them are buttressed

firmly . Countless different kinds of shapes so fantasy to make up of a dinosaur ,I with daughtful consider , when approached it my desire of dinosaur totully satisfied ! how ? It ' s more than enjoying a appetising banquet !Tthe most incredible moment cannot be any others than then while watching such attractive fossil , It appears to be a huge arghitecture , 26 metres long and 9 metres high when up ahead it ' s head . It is said that the largest brain possessed by any dinosaur weigh about a kilogram , They are .belong to ancient earth during the Jurassic Period. I was imaging a dinosaur was running through the vast grassland numerous years ago . And suspecting when they dominated the world , How is a dinosaur kingdom was about ? There was no stopping way to spread our imagine , And i would easily to swimming in such historical age . What a wonder ! I touch the fossil that 150 000 000 years old, what ' s more , It is a toe of dinosaur ,yeah, just the humanbeing ' s ideas about curious and new thing have been continuously changed , But to me i will keep this in momery unless I back to alive in the Jurassic Period , I can ' t help myself to share my little experience above ,as the mountaineer can ' t secret his step left at the top of the majestic mountain . :\$
