1) 在主语从句中的应用 It is demanded / necessary / a pity that...等结构的主语从句，谓语动词用should加动词原形，should可省略。It is 可用的词有三类 that (should) do suggested, ordered, required, proposed, demanded, requested, insisted等 important, necessary, natural, imperative, strange等 a pity, a shame, no wonder等

2) 在宾语从句中的应用 在表示命令、建议、要求等一类动词后面的从句中，像order, suggest, propose, require, demand, request, insist, command, insist (should) do等。例如：I suggest that we (should) hold a meeting next week. 我建议下周召开个会议。He insisted that he (should) be sent there. 他要求被派到那儿去。注意：如suggest, insist不表示"建议"或"坚持要某人做某事时"，即它们用于其本意"暗示、表明"、"坚持认为"时，宾语从句用陈述语气。判断改错：(错) You pale face suggests that you (should) be ill. (对) Your pale face suggests that you are ill. (错) I insisted that you (should) be wrong. (对) I insisted that you were wrong.

3) 在表语从句，同位语从句中的应用 suggestion, proposal, idea, plan, order, advice等名词后面的表语从句、同位语从句中要用虚拟语气，即(should)动词原形。例如：My idea is that we (should) get more people to attend the conference. 我的想法是让更多的人来参加会议。I make a proposal that we (should) hold a meeting next week. 我提了个建议，下周我们开个会。 100Test
