states that the numbers of women employed outside the home grew by more than a thirty-five percent increase in the past decade and accounted for more than sixty-two percent of the total growth in the civilian work force. A. numbers of women employed outside the home grew by more than a thirty-five percent increase B. numbers of women employed outside the home grew more than thirty-five percent C. numbers of women employed outside the home were raised by more than thirty-five percent D. number of women employed outside the home increased by more than thirty-five percent E. number of women employed outside the home was raised by more than a thirty-five percent increase

1. 简洁：（一级排除 A,E）grew/raise 和 increase 重复 the phrase grew by more than a thirty-five percent increase is redundant and wordy, was raised by ... increase is redundant. 2. 词法：（二级排除 A,B,C）表示统计数据用单数 the number, the number of 1. 被动语态（二级排除 C,E）被动语态要有合理的发起 because there is no identifiable agent responsible for the raising of the number of women employed. 用被动要有动作的逻辑发起 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
