是一句自古流传下来的谚语，提醒并激励人们要珍惜时间。

明日复明日，明日何其多。本文则从一个新的角度诠释了这句名言。 Never Put off until Tomorrow What You Can Do Today

We have been told that never put off until tomorrow what you can do today since childhood. However, there are still many people who like putting off the things that should do today until tomorrow.

They have no plans for their work and their time. As a result, they will not accomplish their goals in the end. For example, one Sunday I felt so tired after having a football match that I did not finish my homework even at night. I thought I could get up earlier to go to school the next morning so that I could finish my homework before class. But the next morning I was not able to get to school in time because of the traffic jam. I was punished by the teacher. It taught me a lesson. From then on I made a determination that I would never put off anything important until the next day. Please remember:

Work today, for you don ' t know how much you may be hindered tomorrow. Seize the present day , cherish every minute you have now and trust the tomorrow as little as possible. [ 195 words ]
