People today have noticed this problem, but few actions are taken. Why do you think people do little about it, and what do you suggest to solve this problem? Some people think that schools should select their pupils according to their academic ability. Others believe that young people with different abilities should be educated together. Discuss both sides and give your opinion. Some people

think museums should be enjoyable places to attract and entertain young people. Others think the purpose of museums is to educate, not to entertain. Discuss both sides and give your own opinion. In many countries, more and more young people are leaving school and unable to find jobs after graduation. What problems do you think youth unemployment will cause to the individual and the society? Give reasons and make some suggestions.
