：mood（心情好不好？），like nobodays business句型 你身体上的一部分，可以当作乐器制造出优美的音乐，你了解嘛？对了，就是你的双唇！轻轻撅起，吹一吹…… Do you whistle（吹口哨）while you work, when you walk down the street, or when you are in a good mood? Some say that whistling is a lost art that brings to mind small town life and a simpler time. Whistling has also been a handy way to get the attention of pets, taxi drivers, and beautiful women walking down the street. While modern music may have overshadowed（使相形见绌，使失色）the simple charm of whistling, whistling contests are still held and are taken very seriously. If your whistling skills leave something to be desired, do not worry. you can learn. Start to whistle by putting two fingers in your mouth in a U-shape before blowing. After a while, you can move on to a fingerless method. Soon you will be whistling like nobodys business.

「读书笔记」当你在工作、在街上漫步或者在心情不错的时候，（when you are in a good mood）会吹吹口哨吗？Mood是名词，意思是“心情,心境,情绪”，它的用法有点特别，如果说心情好坏，一定要用介词in，再加形容词，最后是mood，比如：Are you in a good mood today?（你今天心情好吗？）Hes always in a bad mood on Monday.（每逢周一他的心情都很坏。）如果要表达有没有心情做某事，就要这么说：sb. is（not）in the mood to do sth.比如：I am not in the mood to

argue. (我没有心情争辩。) Hes in the mood to see a movie, so am I. (他想去看看电影，我也是。) 有人说吹口哨是个失传的技艺，会让人回想起小城镇式的生活以及更为简朴的日子。(a lost art that brings to mind small town life and a simpler time 注意：that引导的定语从句修饰a lost art) 吹口哨还是一种引起宠物、出租车司机或街上美女注意的简便方法。

(Whistling has also been a handy way to get the attention of pets, taxi drivers, and beautiful women walking down the street) hand是手，handy就是“手边的、近便的”如：Is there a restaurant handy? (附近有饭店吗?) 还可以指“便利的、便于使用的”如：A vacuum cleaner is a handy household tool. (吸尘器是一种使用方便的家庭用具。) 也许现代音乐已经使口哨的纯朴魅力相形见绌，(While modern music may have overshadowed the simple charm of whistling) 但是吹口哨比赛还在举办，而且人们还是认真对待它的。(whistling contests are still held and are taken very seriously) 如果你吹口哨的技术还有待提高，(If your whistling skills leave something to be desired) 那也不用担心，你能学会。Desire是“愿望、渴望、欲望”，但leave something to be desired是指“……令人不满意，仍有缺点，要改进”的意思，如：Her cooking leaves something to be desired. (她的烹调技术有待改进。) 吹气前，先把两根手指头摆出U型放入口中。(Start to whistle by putting two fingers in your mouth in a U-shape before blowing.) 练习一段时间以后，你就可以进展到不用手指的阶段。(you can move on to a fingerless method) move是“移动”，move on就是“向前走”，这里它的意义引申为“情况的进展”。不久，你就可以吹得很好

啦！（like nobodys business）「句型留言板」 like nobodys business “非常好，无与伦比” 一款杀毒软件这样宣传自己：It will protect your company like nobodys business. 它将会最大限度的保护你们公司。 Since Alen became a member of an English community, she can speak English like nobodys business. 自从Alen加入了一个英语社区以后，他的英文就变得非常好了。
