On Overseas Study
1. 有人认为出国留学是个人发展的最佳选择
2. 也有人坚持在国内也能实现自己的理想
3. 我的看法
With the deepening of reform and opening up of our country, many people dream of going abroad for further study. They insist that the modern research facilities, world famous professors and excellent environment in those foreign colleges and universities can help lay a perfect foundation for their future development. However, there are still many people who favor studying at home. They argue that studying abroad is too expensive and therefore doesn't pay, They also Point out that there are no language and cultural barriers if they study in our country. Just as the old saying goes, " Every advantage has its disadvantage. " Both opinions are acceptable in some sense. If students have the chance and financial resources, they should seize the opportunity to go abroad and broaden their eyes. On the other hand, if conditions don't permit, they can pursue their studies in top universities at home. What counts is not the place where they study, but what they can learn . 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
