https://www.100test.com/kao_ti2020/475/2021_2022__E5_BF_AB_E4_B9_90_E7_94_9F_E6_c67_475376.htm American slang is different from British slang because of the evolution of American English When the pioneers living in the new world had children , they taught their children to pronounce words the way they were written , in order to keep things simple. This was the first break from British English. As the nation grew , so did its own casual variety of the English language , which was influenced by cowboys , sports , the building of the railroad , the card game of poker , African-American culture , immigrants , natives , etc. The words of this website are not bad words or swear words - they are common American slang words that are acceptable in any conversation
