Sometimes this is due to a shift occurring inside ourselves over time, and sometimes it is part of the larger shift that is currently affecting all humanity. Change is happening at such an increased rate that it is difficult to predict what the future holds. As a result, many of the old ways of planning out a life are no longer applicable, and if we cling to them we feel strangely out of tune with reality. If we are in tune with the energies around us, we will begin to question ideas that just a few years ago seemed sensible. In the simplest terms, the shift we are undergoing right now has to do with recognizing ourselves as being more than human, remembering that our earthly aspects are a very small part of who we are. In truth, we are multidimensional beings. When we begin to realize this, the life we planned for a limited conception of ourselves no longer fits. We must meet the needs and qualifications not only of our bodies but also of our souls. This realization dawns slowly for some and with the suddenness of a bolt of lightning for others, and we all must find the way that works for us to integrate this new and larger sense of self into our life plan. Sometimes a drastic change feels totally right, and overnight we might decide to sell our home and move to another country or quit our job and begin a second career. Other times, we

allow the changes to proceed slowly, beginning perhaps with allowing ourselves to dream of a new life or just to ask the deeper questions that encourage us to discover our true purpose in life. Either way, know that this process is a natural sign of the growth we are all going through, and trust it to guide you to the life of your dreams. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
