Another one is about the United States deficit (creditor/debtor). (i think i came across about 4 readings!!) SC: the sentences are pretty short compared to the ones i seen in GWD. (I feel its really different from the ones in GWD, pay attention to the verb tense. Like sentences that starts with "since" or "during the 18th century" etc. The placement of "only" is important too) CR: theres one about prisoners who involves in a program that does sewing for jeans, and these people who joined the program are less likely to commit crime and return to the prison than compared to other prisoners. (i think I have seen this question somewhere in GWD) another one is about 修人的 attention or ability. As the techonology advances, repair people become less focus or something like. cr 记得有道类似的题，是说监狱为犯人提供学习的机会，促使犯人离开监狱后重新犯罪的可能性降低，问 weaken, 答案好像是那些接受学习的犯人本身就比其他犯人更不可能重新犯罪。具体是哪里的题记不得了，大概就是 这个意思。 aa. XX heart fitness center decided to add more new facilities in the area because its last newly built swimming pool

attracts more membership in the summer and helps to increase its revenue. Therefore, the management of this fitness center want to add more entertainment centers include, mini golf, tennis court etc to gain competitive edge in the market. Since technology and science are becoming more important in our society, schools should place more hours teaching students on the subject of technology and science, and less time on arts and humanities. CR: GWD3-32 为了降低犯罪率，政府 is getting tough on criminals and making prison conditions harsher. 其中一部分就是不让犯人接受教育（以前有）...而这明显违背政府的ultimate goal。因为接受教育过的犯人在出狱后的犯罪的人数，要比没有接受教育的犯人出狱后犯罪的人数少很多我在想题目是不是会变成：在狱中学会sewing的人出狱后有一技之长，酱紫他们出狱后再犯的人要比在狱中没有学sewing出狱后再犯的人少 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
