Hippocrene Plumbing Supply has apparently been quite successful there because it is planing to open a large outlet in a nearby city. But the C cafe, one year after moving to its new location, has seen its volume of business 0drop somewhat from the previous years. Clearly, the former site was the better business location, and the C Cafe has made a mistake in moving to its new address. Discuss how well reasoned.....2) All citizens should be required to perform a specified amount of public service M:51. V:44. T:770. long time luker. 1st post. Thank CDers for all the info.
