K：We cant sign any commitment for ten years. But if your production quality is good after the first year, we could extend the contract and increase our yearly purchase.

R：That sounds reasonable. But could you shed some light on（透露）the size of your orders？

K：If we are happy with your quality, we might increase our purchase to 100,000 a year, for a two-year period.

R：Excuse me, Mr. Hughes, but it seems to me were giving up too much in this case. Wed be giving up the five-year guarantee for increased yearly sales.

K：Mr. Liu, youve got to give up something to get something.

R：If youre asking us to take such a large gamble（冒险）for just two years sales, Im sorry, but youre not in our ballpark（接受的范围）。

K：What would it take to keep Pacer interested？

R：A three-year guarantee, not two. And a quality inspection（质量检查）tour after one year is fine, but wed like some of our personnel on the team.

K：Acceptable. Anything else？

R：Wed be making huge capital outlay（资本支出）for the production process, so wed like to set up a technology transfer agreement, to help us get off the ground（取得初步进步）。
