Listening, version 27, not so difficult. section 1 is about a Japanese girl applied for the visa. section 2 was about the preference and time. in section 3, buying habits. section 4 was talking about time management. Reading (version 26): Passage 1 was Dye and pigment, easy! There were two parts in this passage, but i didnt use another part that was talking about the Pigment (the second part). So you neednt read the whole passage. Passage 2 was talking about Cinema, you should choose the name of this passage. Passage 3 was talking about the theory of Labor (i really forgot what was the name of that person). writing Writing: task 1: 2 bar chart about the employment of graduates in Australia in 1998. task 2: what is the best measure of a countrys success. some people think it is the enjoyment of the people in this country, but it is nothing to do with the money. But others think it is a rich economy in this country. How about your argument. Interview: it was said that all the girls today was talking about the music and the chinese knots, while the boys talked about the sports. (in stage 2, cue card). 总的来说并不是很难，本人要求也不是很高。我就复习了大概20天去考了，而且以前6级也没过。所以，只要对自己有信心就可以成功了！我还有很多雅斯的书没有做过的，5-6折卖掉，只限上海。可以发mail: southluo@sina.com 最后祝大家考得好，希望给大家带来有用的信息。 100Test 下载频道开通，各类考试题目直接下载。详
