The expenditure in Cars/Public transport/Post services/Communication services.单位是billion pounds Bar Chart 每部分三个柱子代表三个年份Cars一直领先，Public Transport在70-90增长比较快，但前三项都有rise.Post services太少了没超过1 billion pounds的且90-10年没有变化。口语A trap to test ur ability before u begin(Pay MORE attention while u just come into the office)Building books music friends courses medias ITs my secret, u cant have it, anyway. :) if u will take IELTS in Hangzhou on March 16th or later, pay attention the Exam memories in other city, and last several versions including listening V24 V28 maybe V30/31
