一、奉献主题 例题1：1. 每年，高校许多大学生受到鼓舞去贫困地区支教。 2. 支教活动的意义。 3. 我的看法。

Volunteer teaching in the west Every year, college students are inspired to help students with their study in underdeveloped areas in china. They have been trying their best to impart knowledge and offering help to those students who are so eager to learn. This volunteer practice has been beneficial in two aspects. On one hand, college volunteers are really devoted to the cause. They have opened the eyes of students in underdeveloped regions to the outside world by bringing them new knowledge and thoughts. As a result, they are extremely welcome and respected by the children there. On the other hand, college students have received a rigorous training by adapting to the harsh living conditions. They are learning how to deal with difficulties and face challenges as well. What ' s more, by any means,

this volunteer experience will be always a valuable asset in his or her life. In my opinion, every Chinese citizen is responsible for the development of education in china. And we college students should take the lead in response to the appeal for offering aid to children in poor areas. 考试大英语四六级站点相关链接: 100Test 下载频道开通, 各类考试题目直接下载。详细请访问 www.100test.com
