Simply because no one tell us how to fail1. so failure becomes a growing experience.2. We forget that failure is a part of the human condition and that every person has the right to failure. Most parents3. work hard in either preventing failure or shielding4. their children out the knowledge that they have failed.5. One way is to lower standards. A mother describes her childs hastily made table as “ perfect! ” even if6. its clumsy and unsteady. Another way is to shift blame. If John fails math, his teacher is unfair or stupid. The trouble with failureprevention devices are that they7. lead a child unequipped with life in the real world.8. The young need to learn that no one can be best at everything, no one can win all the time and that it is impossible to enjoy a game even when you dont win.9. A child who does not invited to a birthday party,10. who doesnt make the honor roll or the baseball team feels terrible, of course. But parents should not offer a quick consolation prize or say, “ It doesnt matter ” , because it does. The youngster should be allowed to experience disappointment and then be helped to master it. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
