"The best teachers should expect students to challenge popular ideas rather than accept them." Discuss the extent to which you agree or disagree with the opinion stated above. Support your views with reasons and/or examples from your own experience, observations, or reading. 只有那些鼓励学生挑战常规想法（而不是希望学生仅仅接受这些想法）的老师才是最好的老师。NT2. "People have a duty to disobey laws that they consider unjust."

Discuss the extent to which you agree or disagree with the opinion stated above. Support your views with reasons and/or examples from your own experience, observations, or reading. 人们有义务不遵守那些他们认为不公正的法律。 Argument部分： NT1. The following appeared in a realtor ' s brochure in a large city: “ Now is the perfect time to buy a house in our city. Over the past five years, average home prices in our region have nearly doubled. But average stock prices in the national stock market have actually declined over the same period. So homeowners have seen an increase in value for their housing investment during the last five years that far exceeds what they could have made by investing in the stock market. Our city ' s residents can surely achieve a similar profit over the next five years. Furthermore, if residents invest in a home, they can enjoy the use of the home while its value increases, whereas money invested in stocks would not contribute to their quality of life in the same way that owning a home would. Therefore, all the residents of our city should invest their money in a home. ” NT2. A retail grocery store has improved sales but decreased profits. In order to improve its profits, the store has a new business plan to lay off 10 employees without losing the stores luxury and expert services and to partner with XYZ Cafe, which has similar types of customers. （此题内容不全，为机经回忆整理而成。） 100Test 下载频道开通，各类考试题目直接下载。 详细请访问 [www.100test.com](http://www.100test.com)
