The rising numbers are in part __1__ a new testing program that focuses on cows that are most __2__. That program has __3__ 39 cases. But still 60 new cases were identified in the usual way, __4__ were found in 1999. Many scientists __5__ that this year, five years after safety precautions were __6__, the number of cases would be __7__. The rise in cases has __8__ some scientists to question whether the disease can be transmitted in ways not yet understood. Scientists are still __9__ by the disease, first recognized in cows in 1986. It appears that it is not caused by a bacteria, virus or fungus, but __10__ infectious particles called prion, perhaps __11__ a virus or other agent. The disease kills cells in the brain, __12__ it spongy and full of holes. France has taken more steps to __13__ safety than most European countries, __14__ refusing to take English beef __15__ the European Union. But some scientists believe that France has not been __16__ in imposing the ban on feed that __17__ animal parts. Some French officials hope that the sudden interest in mad cow disease will mean that French consumers will become educated about it, thereby recognizing that French beef is actually __18__ controlled. Every cow is given a passport at birth, and extensive information about its parentage and __19__ it was raised must be __20__ to any slaughterhouse. When a diseased animal is found, the entire herd is destroyed. 1) A as B because C since D

due to 2) A at risk B in risk C risking D at danger 3) A identified B invented C discovered D disclosed 4) A more B far more C far more than D less than 5) A expect B expected C have expected D had expected 6) A put to place B put a place C put in place D put in the place 7) A declining B inclining C increasing D reclaiming 8) A attempted B prompted C lured D intended 9) A puzzling B puzzled C being puzzled D to be puzzled 10) A stem from B developed in C grew out of D generated from 11) A grew with B agree with C coincide with D in concert with 12) A to leave B leaving C leaves D left 13) A be sure B ensure C make sure D assure 14) A including B excluding C containing D enclosing 15) A abiding by B in defiance of C according to D in accordance with 16) A effective B efficient C affective D affect 17) A contains B consists of C is made from D is made up 18) A stiff B rigidly C hard D roughly 19) A where B how C when D why 20) A subjected B submitted C reported D registered

参考答案: 1--5 DAACD 6--10 CABBA 11--15 ADBBA 16--20
