“ Tom, are you enjoying the automobile convention? ” I asked. Tom did not answer. He was too busy conversing with the pretty salesgirl sitting next to him. “ I hate to break up your conversation, Tom, but I really need your help. I ’ m not conversant with the theory behind this new fuel converter. What causes the conversion and why does it have a convex casing? ” “ I ’ m not sure how it converts fuel to energy, ” Tom replied with a contrite smile. “ But their salesgirls are very convincing. ” Tom returned his attention to the attractive young salesgirl. Contrary to popular belief, attending an automobile convention is hard work. I say this with conviction. In contrast with Tom ’ s goals of socializing, I contrive to learn new and complex

things. Some of the brightest inventors converge at these automobile conventions. I enjoy listening to them discuss the latest controversies. I love it when they argue about how to replace conventional technology. I ' ve heard some convincing arguments in favor of converting to electric cars. However, it is still a controversial issue. One thing is for true. We will not be seeing any electric car in our lifetime. “ Hey, Tom, ” I whispered, rather harshly. “ Come on. You ' re 75 years old and you can barely walk. She ' s only 20. You conduct contravenes the rules of etiquette! ” “ I don ' t care! ” He snapped back in a shaky voice. “ Convict me if you want, but I ' m only guilty of true love. ” The salesgirl smiled politely. “ Oh, no, not again! ” I said, shaking my head with a smile. 100Test 下载频道开通 , 各类考试题目直接下载。 详细请访问 [www.100test.com](http://www.100test.com)
