After 21-hours and 23 minutes, the Shenzhou-V manned spacecraft landed in northern China. The success was exciting not only for all Chinese, but also for people around the world. That is an honor of our great motherland. All of our CLAsmates decide to study harder. We wish we could fly into the space by the spacecraft one day. 我们听到这个好消息简直太激动了，载着38岁宇航员杨利伟的神州五号载人航天飞机于上午九点钟在甘肃九泉卫星发射中心发射成功。21小时23分钟之后，它降落在中国北部。它的成功，不但使全中国振奋，而且也使全世界为之兴奋。这是我们伟大祖国的荣誉。我们全体同学都决心加倍努力地学习。我们希望有一天，我们也能乘坐宇宙飞船飞往太空。 This morning China launched the first manned spacecraft. When we heard the great news, we couldn't help cheering and dancing. The century-old dream has come true. It is important not only for our country, but also for the world. We are very happy to see our motherland becoming stronger. We are proud of her. Now China's first astronaut, Yang Liwei has become our idol and it is the students' dream to work in the future for space exploration. So we must do our best to study. When we grow up, we will work hard to make our country richer and stronger.

今天我国第一架载人航天飞机发射成功。当我们听到这一特大好消息时，我们禁不住欢呼雀跃起来。千年的梦想得以实现。这不光是对我们国家，同时对整个世界都有着重要意义。我们高兴地看到，我们的祖国变得更加强盛。我们为她自豪。现在我国第一名宇航员杨利伟已经成为同学们的偶像了，而他们的梦想就是将来去太空探险。所以我们必须尽最大努力搞好学习。等我们长大了，为祖国富强而奋斗。百考试题编辑整理 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
