Not only are they delicious and fattening, they are full of nutrition. Also, meat can come in an almost infinite array of varieties, because they come from a whole range of animals and each can be prepared in many ways. There are many exotic types of meats around the world, hopefully, i will have the chance to sample my favourite food in many different ways. 百考试题编辑整理 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
