As is vividly depicted in the picture, within a stretching spider web many people are surfing on line, either to entertain themselves or to meet the work 's needs. Actually on-line visiting has become a routine activity in our everyday life. However, it seems rather ironic to present people separated from each other by the spider web when they attempt to

communicate. 首先看开头段。背景介绍是开头段的常见写法。提到背景介绍，有些同学还停留在"With the development of modern society..."的水平上，这种表达方式属于典型的陈词滥调会引起不少阅卷人的反感。本文通过witness这个动词写出一个以时间作主语的经典句型。第二句以As is vividly depicted in the picture引出对图画描写，这样就缩小了话题，为下文的讨论引出有源之水。段中actually, however 和either... or等连词的使用使整个段落既联成一体又跌宕起伏。本段前面三句的背景介绍和图画描写起到引出主题的作用(topic introducer)。However转折句中rather ironic 明确表明作者对这种现象的立场，开宗明义，旗帜鲜明，可以看作全文中心思想句(theme)。The metaphoric and impressive portrayal has subtly revealed the duality of the relationship between man and Internet. The spider web undoubtedly serves as a symbol of Internet, both connecting people and isolating them from each other. On the one hand, there is no denying that Internet is currently one of the most efficient media used for interpersonal communication. As a college student, I get on line everyday to discuss news with other people on BBS, to study English by registering for web courses, to chat freely through e-mails with my friends. Being a veteran on-line shopper, I frequently bargain with sellers to purchase books at much lower prices. But on the other hand, a good many people admit that they are too much addicted to Internet to maintain face-to-face contact with their friends and colleagues. Cyber-living resembles the experience of seeing disguised people behind a mask, maintaining distance between one another. Once indulged in the fictitious world,

people feel reluctant to approach others and to concentrate on real life. That ' s why some people have lost the skill of direct contact and get alienated from others. 100Test 下载频道开通 , 各类考试题目 直接下载。 详细请访问 [www.100test.com](http://www.100test.com)
